Step 1: For a specific search type in a section, township and range using this syntax then click the "Search" button. For a broad search you can just type in a section number.

SecTwpRng	Section	Township	Range	Map Number
28-7S-20E	28	7S	20E	018

A row or rows will appear in this table. If you searched for a sec, twp, rng that does not exist in Jefferson Co. then it will display, "No data for this value"
